

A little more about Kirk Moore –

29W750 Hurlingham Drive - Warrenville, IL 60555 - (630) 393-7780

I have experience pastoring with a 2012 perspective. I also lead well, collaborate seamlessly, and point all to loving God and loving everyone.

I am an engaging and entertaining speaker. I'm an accomplished songleader. And I work well with children, youth, and adults.

I can help share a vision with a group and help them to take steps to see that vision through.

I have been educated in, and seek to present ministry in a 2012 perspective. I'm fluent in most forms of advanced technology in ministry and equally as fluent in older, just as important, analog avenues for doing ministry.

I encourage people to be open with questions and to explore answers through conversation, study, and prayer.

I also offer experience across the ministry spectrum
